

# InvestCorp Active Equity (IAEF) Fund Fact Sheet – October 2025

## Fund Description and Investment Policy

The InvestCorp Active Equity Fund (IAEF) is an open-ended equity fund that primarily invests in local and foreign equities, as well as equity-linked securities listed on regulated stock exchanges. A portion of the fund's assets is also allocated to fixed income and money market instruments to maintain liquidity.

## Stock Selection

The Fund blends a disciplined local equity model with global diversification for superior performance. Locally, the InvestCorp's propriety GH-10 Model identifies strong Ghanaian stocks and enables dynamic pruning and rebalancing using fundamental and technical insights. Globally, exposure to major indices (ETFs / index funds) and stock picks toward sectors like technology, healthcare, consumer staples, and utilities capture growth while preserving defensive stability.

The fund seeks to offer investors;

-  A dynamic, disciplined and consistent approach to wealth accumulation
-  A diversified portfolio to help reduce the risk of exposure to a single stock
-  Exposure to fundamentally strong, well-performing stocks at any given time.

## Investment Allocation

The current investment allocation of the Fund is as follows:
