

# InvestCorp Money Market Fund (IMMF) Fact Sheet – July 2023

## Fund Description and Investment Policy

The InvestCorp Money Market Fund is established for the purpose of creating an investment vehicle that allows investors to participate fully in the short-term debt market of Ghana.

## Investment Approach

The Fund is modeled to balance the risk associated with earning competitive returns with capital protection through a rigorous investment approach. This is to ensure that our investors benefit from the current growth and opportunities within this investment universe while keeping investment risk to the barest minimum.

Each stage of the Fund's investment decision process ensures the quality of our portfolio holdings.

## Investment Allocation

The current investment allocation of the Fund is as follows:

## Fund Information

|                                  |      |
|----------------------------------|------|
| Weighted Average Maturity (Yrs.) | 1.51 |
| Duration (Yrs.)                  | 1.25 |

New bond terms post Domestic Debt Exchange Program (DDEP) increased IMMF's duration beyond 1 year. Our strategy still aims to maintain a duration below 1 year and taking measures to ensure this when yields are accommodative.

## YTD Performance<sup>1</sup>

<sup>1</sup>Mark-To-Market

## Growth of GH¢10,000 in the Fund Since Inception

The sudden fall in the value of the Fund is due to the change in valuation methodology from Amortization(HTM) to Mark-to-market (MTM) methodology as prescribed by the SEC and DDEP.

Disclaimer Policy: The performance of the Fund as shown represents past performance and by no means guarantees future returns. Investment returns and principal value of an investment will vary so that shares, when bought or redeemed, may be worth more or less than the original cost. Current performance may be lower or higher than the performance quoted.
